Consultant – Finance and Innovation – IT Specialist

Ayming Canada's Toronto office is looking for an experienced SR&ED individual, who is a fast learner coupled with a strong IT expertise to work as a Consultant – Finance and Innovation to collaborate with and expand our IT client-base in Western Canada.

Ayming is a leading international business performance consulting group, formed through the merger between Alma Consulting Group and Lowendalmasai. With offices in 16 countries, the Group, which has a staff of approximately 1,500, attained revenue of CAD \$275 M in 2015.

Backed by 30 years of proven results, Ayming provides strategic and operational expertise, enabling businesses to improve their overall performance in the areas of Finance & Innovation, Operations and Human Resources.

Ayming is committed to helping clients implement long-term performance improvement programs, adding value to their overall business and delivering greater profitability. Its focus is on improving and accelerating business growth, anticipating future changes and opportunities and securing a business' long-term position. This is accomplished through its Value Performance Programs, customized service packages providing tailored solutions to improving clients' business performance. Every Value Performance Program is unique because it is designed to meet the specific needs of individual clients.

Key Responsibilities and Related Tasks (include but not limited to)
